

England Golf

Disabled Golf Team Policy - December 2016

In January 2015 England Golf announced their new position as the sole representative body on the European Disabled Golf Association (EDGA) for disabled golf in England and that they would be taking over the work previously undertaken by BALASA.

However, as part of the transitional process BALASA retained interim responsibility for assisting England Golf on England Team selection for international events.

BALASA's previous Team Policy has therefore been updated to reflect the England Golf changes as follows:-

Where event is an EDGA competition players must hold:

1. An approved EDGA Medical Pass – meeting required level of impairment
2. Active CONGU handicap

In addition

3. Be a fully paid up member of BALASA
4. Previous untarnished conduct record
5. Where applicable, has supported BALASA National Championships and/or English Disabled Open in previous years
6. Where necessary, reference will also be made to the EDGA rankings - Ranking for Golfers with Disability (R4GD) at time of selection
